Major General Robert C. Kingston, USA
Commandant
U.S. Army Institute for Military Assistance
Fort Bragg, North Carolina 28307

Dear General Kingston:

The staff of CIA and I are looking forward to having the faculty and members of your Foreign Area Officers Course with us on 9 April, and I am delighted at the prospect of meeting with them personally. The schedule now calls for me to join the group at noon.

Regrettably, Mrs. Bush and I have another commitment on the evening of 9 April and will not be able to participate in the cocktail party you plan at Fort McRae, much as we would enjoy doing so.

I understand that several members of our staff met with Colonel Coverdale and Captain Owen last week to make plans for the visit of the Foreign Area Officers class and to discuss other matters of mutual interest. They described the meeting as most profitable.

Your kind words about previous visits are much appreciated. I hope that the program we have arranged for 9 April--from 0900 to 1230, as you suggest--will meet your expectations. We will do our best.

Sincerely,

/s/ George Bush
